

Public Release Approval Endorsements for non-MITRE Authored Information

U.S. Authors (excluding US Government Employees)

Applicability

Part I must be completed for all material submitted by US Authors (excluding US Government Employees). Additionally, either Column A or Column B of Part II must be completed. If Part II Column B is completed, then Part III is required.

Title of submission

Part I – Author and Company or University First Endorsement

Signature in Part I certifies that author and co-authors(s), if any, have received all company or university required approvals.

Note:

For jointly authored material, only one signature is required, however, all co-authors need to be advised of the above terms (i.e., they also need to have received all required approvals prior to signature) and agree with the column selected/signed in Part II.

Part II – Author and Company or University Second Endorsement**Column A**

By signing below, the author certifies that all information used in preparing this material was derived from unclassified/open sources and that no information was used from work performed or derived under a US Government contract or US Government grant. (Part III is not required when the author signs Part II, Column A).

Author's Signature

Date

Part III – US Government Public Affairs Office Endorsement

Part III is required for unclassified material to be posted on a MITRE public web page or presented at a MITRE hosted conference when Part II, Column B is signed. Part III is to be completed by a US Government individual authorized to release and clear information for open publication or public disclosure (e.g., security review officer).

Releasing Official

Your signature authorizes public release of this unclassified material and its inclusion on a MITRE public web page or presented at a MITRE hosted conference.
