

Public Release Approval Endorsements for non-MITRE Authored Information

U.S. Government Employee Authors

Applicability

This form is to be used only by US Government Employee Authors (military and civilian). Complete Parts 1 and II.

Title of submission

**Part 1 – US Government Employee Author
Endorsement**

Signature in Part 1 certifies that author and co-authors(s), if any, have received all required US Government agency approvals.

Note:

For jointly authored material, only one signature is required, however, all co-authors need to be advised of the above terms (i.e., they also need to have received all required approvals prior to signature).

**Part II – Author and Government Second
Endorsement**

Part II is required for unclassified material to be posted on a MITRE public web page or presented at a MITRE hosted conference. Part II is to be completed by a US Government individual authorized to release and clear information for open publication or public disclosure (e.g., security review officer).
