

MITRE's Systems Engineering Fellowship Application

Application Requirements

Thank you for applying to MITRE's Systems Engineering Fellowship

Please fill out the attached application and email the completed form to SEFellows@mitre.org.

With your application, please email the following:

- Two signed letters of recommendation demonstrating your interest in advancing the state of systems engineering in your organization and your potential for future Technical Leadership in your organization (One letter must be from a government director level leader)
- A current resume or curriculum vitae
- A two-page white paper addressing a key systems engineering capability area or challenge within your organization.

The SE Fellowship team will contact you to manage submission of official transcripts and to facilitate the UVa application process for entry into the Accelerated Master's Program.

If you have any questions, please email SEFellows@mitre.org.
